

AI Code Review & Security Analysis Report

Language: Python

Analysis Summary

Severity	Count
Critical	0
High	0
Medium	1
Low	6
Total	7

Detailed Findings

Finding 1

Agent: Code Analysis Agent
Severity: LOW
Issue: Unknown
Line: 27
Description: No description available
Recommendation: No recommendation available

Finding 2

Agent: Code Analysis Agent
Severity: LOW
Issue: Unknown
Line: 1
Description: No description available
Recommendation: No recommendation available

Finding 3

Agent: Code Analysis Agent
Severity: LOW
Issue: Unknown
Line: 1

Description: No description available

Recommendation: No recommendation available

Finding 4

Agent: Code Analysis Agent

Severity: LOW

Issue: Unknown

Line: 5

Description: No description available

Recommendation: No recommendation available

Finding 5

Agent: Code Analysis Agent

Severity: LOW

Issue: Unknown

Line: 2

Description: No description available

Recommendation: No recommendation available

Finding 6

Agent: Code Analysis Agent

Severity: LOW

Issue: Function

Line: 5

Description: No description available

Recommendation: No recommendation available

Finding 7

Agent: Security Agent

Severity: MEDIUM

Issue: Unknown

Line: 10

Description: No description available

Recommendation: No recommendation available
