

OWASP Top 10:2025

Welcome to the OWASP Top 10:2025 Release.

The OWASP Top 10 is a standard awareness document for developers and web application security. It represents a broad consensus about the most critical security risks to web applications.

About This Release

This is the **2025** version of the OWASP Top 10. This version includes updates based on the latest data and security trends.

Main Project Page

The [main project page](#) has information about older versions and metadata about this project.

Getting Started

Start with the [Introduction](#) to learn about what's new in the 2025 version.
